One more cup
And iÂ´m ready to go
Ready to go,eleven hours and more
In my old forty four
Straight in the middle of the endless sleep
Yee I know
One more ride
In a mystery night

Life from the sisters
Hot reflection nights

Life from the sisters
Hot reflection nights

SheÂ´s in the heart of an rush hour beat
Yee I know
One more show
With the radio on

Driving in driving out from the endless sleep
Yee I know
One more ride
In a mystery night
He is in the middle of becoming sad
Yee I know
In 74
Like breaking a soul

Life from the sisters
Hot reflection nights

Life from the sisters
Hot reflection nights

iÂ´m in the mood of becoming blue
Yee I know
One more low
Well I just go on
