There's a girl that you should know  
she was mine not so long ago  
Had my number and we fell in love  
She put me under and I got los... t  
my nerve and I lost my head, just about everything I  
had  
Washed out and I ????  
I couldn't see my hand in front of me.

Woe is me  
Woe is me

Hey do you want to walk with me?  
By the trees and the factories.  
Hey do you want to hop the fence?  
In the sleepy red sunsets  
Theres a girl that you should know  
she was mine not so long ago  
had my number and we fell in love  
She put me under and I got lost

Woe is me  
Woe is me  
Woe is me  
Woe is me

Now the street light bright and pale  
as we sip our ginger ale  
I kiss you by the blinking signs  
Don't be heavy, let's be light

On and on our marry way  
On and on our marry way  
On and on our marry way  
On and on our marry way
