Let me love you

There's a full moon out tonight
There's a feeling of love when you touch me
And I hope I get this right
Hope that you can make sense out of something
Help me make you see
What tonight could be

Let me love you
From the bottom of my heart
Let me love you
'til all the stars surrender to the dark
And though words sometimes fail me
I just wanna say
Nothing or no one's ever touch me this way
Let me love you from the bottom of my heart

I was thinking it's too late
I was walking through life without living
Then you came and showed the way
And you gave me a whole new beginning
Baby make this night
The first day of the rest of our lives

Let me love you
From the bottom of my heart
Let me love you
'til all the stars surrender to the dark
And though words sometimes fail me
I just wanna say
Nothing or no one's ever touch me this way
Let me love you from the bottom of my heart

Let me love you
From the bottom of my heart
Let me love you
'til all the stars surrender to the dark (to the dark)
And though words sometimes fail me
I just wanna say
Nothing or no one's ever touch me this way

Let me love you from the bottom of my heart

Let me love you
