She don't like romantic movies
Or sad songs on the radio
She don't like quiet nights alone
She's got a different kind of humor
Always giving an Elvis smile
And I don't get it no matter how I try
But I know that I can't live without the

Odd little things about you
That make me feel alright
It's the odd little things about you
That get's me high
That's what makes you beautiful
Makes you irresistible
That's what makes it all worth the fight

She's likes to walk in the moonlight
And talk about mysterious things
But will she ever reveal what's behind her eyes
Cause baby I can't live without the

Odd little things about you
That make me feel alright
It's the odd little things about you
That get's me high
That's what makes you beautiful
Makes you irresistible
That's what makes it all worth the fight

Your imperfections make you perfect
Makes you irresistible
That's what makes it all worth the fight

It's the odd little things about you
That make me feel alright
It's the odd little things about you
That get's me high

It's the odd little things about you
That make me feel alright
It's the odd little things about you

That get's me high
That's what makes you beautiful
Makes you irresistible
That's what makes it all worth the fight

That's what makes it all worth the fight
