This ain't a goodbye  
This is a bad bye  
Coz I would rather stay  
And party on all night

Come on all you people  
Feel the high

Shake your booty to the beat  
Booty to beat  
Shake your booty to the beat  
And we've got it going on  
Shake your booty to the beat  
Make it all complete  
Shake your booty to the beat  
And we've got it going on  
Ooh..  
Shake your booty to the beat

Don't mind the snow no  
If it's not yellow

But when it's cold outside  
Let's party on alright

Every guy is looking for a hot dog bun  
And we all know that girls just wanna have fun

The party's only begun
