"She's Been Working Out"

She's been working out
to get someones attention
for once in her life
She's been working out
been caught up in the steermaster
too many times

She's a sad girl
in a bad world
and the only thing that makes her happy
is a cigarette
and the hope for a second chance

She's been working out
tried every single tool
she could possibly find
she's longing back to her twenties
But rapidly she's pushing 45

Now she's crying alone
While heart turns to stone
And she lives on the hope
She will never grow old
