You always take your pretty face
Everywhere that you go
Make up hides that bitter taste
Every time you say no

I just want to make you smile
Over and over and over
Could you stay here for a while?

You can't stop the beat
You can't stop
When my heart starts starts
My heart starts the beat
[x4]

Yeah, your reputation will be fine
Why is it nobody knows
That it isn't your first time?
I know, I know, I know

I just want to make you smile
Over and over and over
Could you see it for a while?

You can't stop the beat
You can't stop
When my heart starts starts
My heart starts the beat
[x4]

Why did you call me
Again and again?
Just to tell me you wanna be friends?

You can't stop the beat
You can't stop
When my heart starts starts
My heart starts the beat
[x4]
