Calm down is what she said, you're in too deep inside
your head

Hold on, my mind is blank. in the sense that I was too
afraid

Jet black is what you've become
You're back from what you took a break from

Well I don't know what you said, I don't know what you
said to me, but I know what you meant, you don't know
what you meant to me

I'm wrong, guess I'll just admit it.
I'm gone, and you're not hating it
I'm bored cuz james is late again
It's 6 and he should've been here at 10 am

But I don't know what you said, I don't know what you
said to me, but I know what you meant, you don't know
what you meant to me

You say I'm this, you say I'm that
I wish you wouldn't say anything 'cause you don't know
me
You care for you, you know you do,
Don't try to play it cool as you try to ignore me
But I can't stand the way it's killing me, let line loose
and start to reel. it's real, it's real, but it's not like you to
tell. if only you can see what you're doing to yourself.
You're a beautiful girl, if only you can see.
If only you can see what you don't see in me
It's not for you don't kill you're purity
