6 am, come home to crying mom
Flat broke, sick and trying to stay calm
Family is falling apart, and I wish that I was gone
Words being told hurts their hearts
Mother and father begin to depart
Never knew it would be this hard
To keep the family hanging on

Must keep my head on and on
Dad packed his bags he's already gone
I have to support my single mom
Hold the crucifix in my palm
Head keeps spinning round and round
I hear at the tracks the annoying loud sound
The train is coming west inbound
My escape has just been found

I don't know where I will sleep in a few weeks from now
Problems keep me in a state of wow
What is this mess all about it keeps me in doubt
I'm failing school writing music down
Dad and Mom are never around
I will just head downtown
To keep myself from falling upside down

Must keep my head on and on
Dad packed his bags he's already gone
I have to support my single mom
Hold the crucifix in my palm
Head keeps spinning round and round
I hear at the tracks the annoying loud sound
The train is coming west inbound
My escape has just been found

I have time to jack off because my parents are not
around
But they just found the mags after the large arguing
sound

It's serious I just lost all my trust, and it just keeps
going on
Someone please make it stop

Wrong that I have done, please forgive me you must,
because I am just a boy
West inbound I can't be annoyed

Must keep my head on and on
Dad packed his bags he's already gone
I have to support my single mom
Hold the crucifix in my palm
Head keeps spinning round and round
I hear at the tracks the annoying loud sound
The train is coming west inbound
My escape has just been found

My escape has just been found and It's west inbound
My escape has just been found and It's west inbound
My escape has just been found and It's west inbound
My escape has just been found and It's west inbound
