Defeat imperialism, never again be a slave
The main door of my home has been broken down
You say "Lady Gaga," I say "Why worry about her?"
Oh...don't kowtow to them

Culture is my weapon, it's buried at the roots of each
nerve
Awakened by the drums of superior beings
I will not permit defeat; victory is already here
Thanks to Music Man's arrival

Suddenly, the whole world is rocking
Rythm and melody invading your blood vessels
This time, the strategy is to open fire
Open fire, Open fire
Open fire

(This parts already in English...)

Suddenly, the whole world is rocking
Rythm and melody invading your blood vessels
This time, the strategy is to open fire
Open fire, Open fire
Open fire
Open fire

Open fire
