

## Wanted, The "Behind Bars"

Visit "[Behind Bars](#)" on MotoLyrics.com

I feel something over me  
And try to runaway from the demons that haunted me  
The key turns inside, no place to hide  
I'm locked in no place, no place

I think I could be going crazy, going crazy, oh  
Feeling the walls come closer, body's colder  
Cause I'm behind bars, cause I'm behind bars

Now a whisper's calling me  
And why does my skin crawl with the pain of insanity?  
The key turns inside, no place to hide  
I'm locked in no place, no place

I think I could be going crazy, going crazy, oh  
Feeling the walls come closer, find these corners out  
Cause I'm behind bars, cause I'm behind bars

Get me out of here, I need somebody, please

I think I could be going crazy, going crazy, oh  
Feeling the walls come closer, find these corners out  
Cause I'm behind bars, cause I'm behind bars
