You could hurt with a word  
You could change my life  
You could tell me the truth  
It would cut like a knife  
But I won't let go  
But I won't let go  
But I won't let go  
You could fall, hit the wall  
You could lose your way  
You could lose, you could bruise  
Spend it all in a day  
But I won't let go  
But I won't let go  
But I won't let go

Cos if I had to save someone  
I'd still save you  
And if I had to pray for someone  
I'd pray for you  
Cos you know we are...  
Made for each other  
Can't take that away  
Made for each other  
Like sunshine and day  
Made for each other  
I'm here to stay  
Cos you know we are  
Made for each other  
I'm made for you  
Made for each other  
Like stars and the moon  
Made for each other we'll see it through  
Cos you know we are made

They could take, they could hate  
They could break our hearts  
They can try all they want  
Never tear us apart  
We will not let go  
We will not let go  
We will not let go

Cos if I had to save someone  
I'd still save you  
And if I had to pray for someone  
I'd pray for you  
Cos you know we are...  
Made for each other  
Can't take that away  
Made for each other  
Like sunshine and day  
Made for each other  
I'm here to stay  
Cos you know we are  
Made for each other  
I'm made for you  
Made for each other  
Like stars and the moon  
Made for each other we'll see it through

Cos you know we are made  
You know we are made  
Our love it won't fade  
We just gotta be brave  
You know we are made
