It's these demons surrounding me
That are making it harder for me to live
It's these demons that are making it harder
For me to give

The misery has found it's home
Just trying my best to be left alone
Can't find a path
Sometimes I think it's fading
Right before my eyes

I need to be saved
Looking for a way to be saved
I'm my own worst enemy
It's clear to see
I'm so scared to live
So fucking scared to live
I need to fear me, take me
Got nothing left but me

Still alone, So cold and black
Like the air I breathe,
My lungs are ready to collapse
I still believe that my heart's an empty shell
But you'll never see, my life is a living hell

I need to be saved
Looking for a way to be saved
I'm my own worst enemy
It's clear to see
I'm so scared to live
So fucking scared to live
I need to fear me, take me
Got nothing left but me

I'm my own worst enemy
These demos surrounding me
x2

I'm my own worst enemy, these demons will forever
surround me
