You left me alone for the last time
I gave you your chance, your time to shine
I learned what, what not to be
Cause that's exactly what you are to me

Your knife is dull, But your words cut deep
I gave you your chances, You took time to sleep
Gave me thoughts of false hope
Can't wait for the day you choke

No second chances
No second chances
No second chances

When hell freezes over, I'll consider this over
Can't repair this pain and despair

Moments wasted, you took what's mine
Held your memories, what a waste of time
Waited so long for the day
You'd come and take me away

I ain't no martyr, your talk is cheap
It's you I pity, on your death I sleep
Your mind rots, at least I hope
Broken promises is all you spoke

No second chances
No second chances
No second chances

When hell freezes over, I'll consider this over
Can't repair this pain and despair
x2

The nightmares, they'll be stalkin'
On this path, alone I'm walkin'
Thoughts of murder schemin'
Cause these demons, they be speakin'
Alone, cold and lost,
Revenge I seek at no cost

I know I'm losing control
Feels like I lost my soul

CAN'T WAIT FOR THE DAY YOU CHOKE

When hell freezes over, I hope that you can see
You can't repair this pain and despair
