Gave into temptation  
A little bit more than I like to admit  
Our sea saw of love  
Only made me sick  
So now my engine's on empty  
Starting to seize  
Punching the walls  
My knuckles are starting to bleed

You left me cold hearted  
You left me in the dark  
I need someone special  
To ignite the spark  
x2

The scars on my body  
Aren't deep sa the one in my heart  
Just like a dead battery  
I need that special start  
So now my head's above the water  
Neck down in trouble  
Thought it was picture perfect  
I hate to burst your bubble

You left me cold hearted  
You left me in the dark  
I need someone special  
To ignite the spark  
x2

Trust is only a word to you  
Isn't it funny what love can do?  
Maybe one day, Maybe one day  
I'll feel no more pain  
But as for now  
My heart will never be the same  
Never be the fucking same

BREAKDOWN

And it hurts like love, sick of love

x3  
Hurt like  
Sick of  
Hurts like love
