They suppress our minds  
With what they want us to think  
Told us he will bring us up  
When we're going to sink  
Tell us what to believe  
I can't believe in what I can't see  
Life throws us pain  
Everyday is exactly the same  
I don't need a new found faith  
I don't need to imagine his face

If he is real, he don't even love me

Try to take my mind  
Truth I'm trying to find  
Deep inside  
Growing in numbers  
Nowhere for me to hide  
From their selfish ways  
Forever trying to end my days  
Been dead since birth  
Surrounded by a corrupted earth

On the path of the wicked  
Our destiny already foretold  
Our very lively hood sickened  
I won't sell my soul

This reality I'm trying to find  
Surrounded by poisoned minds  
All I see are fucking lies  
From a society trying to cut the ties  
Limits on our ways  
They always tell us what to say  
Disguising everything they speak  
Power is what they fucking seek

On the path of the wicked  
Our destiny already foretold  
Our very lively hood sickened  
I won't sell my soul

They'll have us locked in cages  
The devils, they wanna slave us, take us  
Fuck these politicians  
Decisions made with ammunition  
They tell us lies, I despise  
We gotta fight with our minds  
This ain't the promised lands

This is the path, the path of the wicked
