Lying down across the floor  
But you still want more  
The hits keep coming,  
but what the fuck are you waiting for?  
Eyes bleed, blood dripping  
Your on your knees begging for peace

Stronger than what you seem  
Your not showing it  
Consequences you feel that you deserve  
Break the mold, take back your soul  
Happiness is in the light  
Not too late to fight

Am I the only one that still believes  
Life's not a game, it just relieves  
Now it's time to pick up your slack  
In the end there's no turning back

Stronger than what you seem  
Your not showing it  
Consequences you feel that you deserve  
Break the mold, take back your soul  
Happiness is in the light  
Not too late to fight

I can't believe that in you there is no shame  
No remorse, your choices ruin your name  
Self loathing emotions  
This life of regret you've chosen

Am I the only one that still believes  
Life's not a game, it just relieves  
Now it's time to pick up your slack  
In the end there's no turning back

Broken promises told again  
Your fate awaits you in the end  
Hateful marks remind you of the past  
Your mind is weak, you'll never fucking last
