"Without A Dancer"

Shapes chained by the eyes
Hunt bleeding in tow
Wriggling on it's side
Cross bled and mopped

Strange placement un-paused
Without a dancer, my love, it wanders and crawls
Strained placement un-paused
Without a dancer, my love, it wanders and crawls

Tracks carved in blue light
Ribs curling inside
Hounds outside the door
The dark opens so wide

Strange placement un-paused
Without a dancer, my love, it wanders and crawls
Strained placement un-paused
Without a dancer, my love, it wanders and crawls
