I've been broken  
The sum of all my fears  
Yours were stolen  
The storie's in my tears  
Then I met you  
We called it destiny, baby

I'm not afraid of failin'  
I'm not ashamed to cry  
'Cuz I can't see my future in your eyes

I've been stupid  
I can't live without you  
I'm a stranger in this world  
Alone, without you  
Without you and your love

Got the feelin'  
Of burnin' in my soul  
Started screamin'  
And then I lost it all  
But please believe me  
I'm not afraid of changin'  
I'm swallowing my pride  
Just promise to forgive me one last time

I've been stupid  
I can't live without you  
I'm a stranger in this world  
Alone, without you  
Without you and your love

It's just too hard to say goodbye

Forever seems so lonely without you by my side

I can't be so lonely  
(I've been stupid, I can't live without you)  
I'll never live without you  
It's all right  
And I can't fight

(I've been stupid, I can't live without you)  
Forever seems so alone  
Without you  
Without you and your love  
(I've been stupid, I can't live without you)  
Without you  
Without you and your love
