And everything you stand for, turns on you to spite  
you?

And you will destroy anyone who would try to harm her

A snake to shed it's skin  
A rose to grow a thorn  
Its all the time that's needed  
To forgive me  
I am so sorry

[..]

I just did what I had to do  
I just did what I had-

And you will destroy anyone who would try to harm her  
But what happens when karma, turns right around and  
bites you?  
And everything you stand for, turns on you to spite  
you?  
Keep [?x]  
Keep it real

And you will destroy anyone who would try to harm her

And everything you stand for, turns on you to spite  
you?
