Come inside take a ride it's your lucky day  
Start your car won't go far brain's on holiday  
Think I got a hit do you want a hit? Yeah!

All you need is a little bit! Why?  
Open up your mind look at what you find  
Touch the sky  
Think it's almost time do you see the sign? Yeah!  
Tasted like a grape but it was a lime! Yum!  
Looking at the rain on a sunny day  
Vitamin A! Vitamin A! Vitamin A!

I can see you and me floating in the air  
It's allright day or night life without a care  
Think I got a hit do you want a hit? Yeah!  
First I used a toke Now I wanna flip! Cool!  
Open up your mind and look at what you find  
Feeling free  
Don't anticipate hurry up and wait Now!  
In a little while you'll be feeling great! Wow!  
There's so much to do there's so much to see!  
Follow me! Follow me! Follow me!

Rainbow cotton candy cloud thinking thoughts and  
speaking loud  
Point to me the right direction pass the mirrors and  
reflection  
See yourself as broken glass smash the vision of your  
pas  
Running forward - can't turn back  
Trains of thought are now on track now my mind's of  
purple haze  
Screaming out in silent rage hearing things for miles  
around  
Listen closely can you hear?  
Can you hear the sound? Can you hear the sound? Can  
you hear the sound? Can you hear the sound?

I think I got a hit! Do you want a hit? Yeah!  
All you really need is a little bit why?  
Open up your mind look at what you find  
Touch the sky

Think it's almost time do you see the sign? Yeah!  
Tasted like a grape but it was a lime! Yum!  
Looking at the rain on a sunny day  
Vitamin A! Vitamin A! Vitamin A!
