The door slams behind me
and the picture on the wall
tilts right
and it just ain't appearances at all
this time barely broke my skin
look at the lovely home I'm in
I got 2 more hours before the baby wakes
still come home with flowers
it seems thats all it takes
last time nearly broke my chin
but I'm the envy of all my friends

{chorus}
My, my love
my love
hear me when I call, my love
[my love]
see behind this wall, my love
[mmhmm...oooh]
Though my eyes won't tell the truth
I pray somehow you'll see the proof
love
(2x)

The women at the counter advise and sympathize
order more concealing powder in more expensive
kinds
next time I'll buy it online
where there no penetrating eyes
my family comes for dinner
I hear it on the low
mom whispers
hes a winner
shes enjoy the show
One time might be all it takes
this fairy tale is fake

{chorus}

This wasn't supposed to be my life
I had done everything right

pretending not to see the signs
bound by my confusion
trapped in an illusion
of my own desire

[when I call, my love....feel so small,
my love...its a disguise]
(2x)
