Hear ye - I avow every drop of blood spilled upon this
sphere.
Heed My command, wolf-race of Cain;
Lineage of Death's Emissary: proliferate scripture;
Solicit infidels; sow seeds of despair.
Entrench within their hearts the diagram of Uncreation.

Savior and messiah, foretold by sages, son of an
absentee ruler:
Did the contour of that sanctified beggar at last
descend?
Or, stymied still, were false idols the recipients of
reverence?
(Idols molded in clay, shaped by injunction and
upheaval.)

Shahenshah -
Lord of Elemental Chaos;
Shahenshah -
Rapturous Sun;
Shahenshah -
Father of Elucidation,
Echo, Uncreation.

Every kingdom beneath the stars shall burn,
And seas shall rise a thousand-fold to the sky.
O, archon, emperor, monarch, shahenshah -
The luminous jewel on the acausal crown.
