(So I'll take my) chances on the road again
(So I'll take my) chances on the road again

So sick and tired of this fighting
We haven't left camp yet
And wars have broken out all sides
Whatever happened to loyalty getting the upper hand
on jealousy
Take the stand it's gonna take to change the tide

And as we drive through the night,
We'll be thinking of you
(We'll be thinking of you)
And as we drive through the night,
We'll be thinking of you
We'll be thinking of you

Well I wish that feet would grow roots
Become apart of this ground
So I'd have somewhere to belong
And as the sun rises above the battlefield where
brothers fell,
I promise it won't end for me that way

And as we drive through the night,
We'll be thinking of you
(We'll be thinking of you)
And as we drive through the night,
We'll be thinking of you
We'll be thinking of you

And eachother is all that we have left
They can't take, take that away
And eachother is all that we have left

And as we drive through the night,
We'll be thinking of you
(We'll be thinking of you)
And as we drive through the night,
We'll be thinking of you
We'll be thinking of you
