All good things. (All good things.)
All good things. (All good things.)

Not sure where to go,
Everyone I know,
Says I'm to forgiving.
And now that I'm gone,
I don't wanna move on,
I just keep you living.

All good things. (All good things.)
Oh I wish you,
All good things. (All good things.)
Come to an end.
All good things. (All good things.)
Oh I wish you well.

This box inside of my head,
Empty side of the bed,
I fill this place without you.
I keep pushing the bruise,
'Cause I don't want to lose,
What I love about you.

All good things. (All good things.)
Oh I wish you,
All good things. (All good things.)
Come to an end.
All good things. (All good things.)
Oh I wish you well...

I could think of a million ways,
You've proved you're one to one.
So live inside of your shades of gray,
And nevermind the sunshine that I'll find.

I got so much space now,
I got a whole house,
With the wind blowing through.
I don't need somewhere to hide,
I got this whole world inside,

I was accustomed to showing you.

All good things. (All good things.)

Oh I wish you,

All good things. (All good things.)

Come to an end.

All good things. (All good things.)

Oh I wish you well...

All good things. (All good things.)

Ohhhh, ohh, ohh

All good things. (All good things.)

Ohh, ohh, ohh

All good things. (All good things.)

Oh I wish you well.
