

## Weepies, The "Hummingbird"

Always been like a hummingbird  
and I can't sit still  
Listen up, lover listen up, I never will

Wings move faster than the human eye  
And if you could see my heart  
well, if you could see my heart,  
Kept from flying outwards  
somehow I don't know  
Wonder I don't come apart  
Wonder I don't come apart

Hold out your hand  
Yours is the only one that I dare land upon

Stole a ruby necklace  
from the chamber of a queen  
Distraction for my heart  
distraction for my heart  
Thrumming like a diver's every time you're near  
The only sound I hear, it's the only sound I hear

Sweetness captures honeybees in time  
Amber like your eyes, amber like your eyes  
Maybe there's a season when I'll taste that wine  
A thimble at a time, a thimbleful of wine
