Today's cloud and the group is not
Leaving only several flower news
Do not want (to) close to do not want (to) rest
Do not want to rain

Today's air a little less stable
Blow out blow a quiet melody
I think you woke up blowing

A heavy rain last night
Unfortunately, there is a trace point
Clean waiting to be drying

Such good weather
How can not you
Who is who should be allowed every day sunny
Waiting for good weather
Meet you once again
Who is Who
Wax clean every piece of heaven to all

Today's cloud and the group is not
Leaving only several flower news
Do not want (to) close to do not want (to) rest
Do not want to rain

Today's air a little less stable
Blow out blow a quiet melody
I think you woke up blowing

A heavy rain last night
Unfortunately, there is a trace point
Clean waiting to be drying

Such good weather
How can not you
Who is who should be allowed every day sunny
Waiting for good weather
Meet you once again
Who is Who
Wax clean every piece of heaven to all

We are all afraid of the wind and rain along the way
Who can escape
But do not forget, after a long night
Association fine after the rain

Such good weather
How can not you
Who is who should be allowed every day sunny
Waiting for good weather
Meet you once again
Who is Who
Wax clean every piece of heaven to all
Wax clean
