I am a lone wolf  
A beauty and a beast  
Both hunter and hunted  
Soft tongue and sharp teeth  
I toned from my travels yet raw from this road  
As I drink from storm puddles  
And the stories I'm told

Help me figure this out  
Help me figure you in  
You're a shadow to me  
That I echo when I sing  
Help me figure this out  
Help me figure you into this simple little melody

I've seen angels  
They were sleeping in gutters  
They were standing in bank lines  
They were jumping from towers  
They were calling like seagulls  
But nobody heard  
Such a beautiful message  
From such a common bird

We want freedom for ourselves  
But we can't give it to each other  
We want peace between nations  
Yet we battle with our lovers  
We're blinded by billboards  
And trying to get ahead  
Choking on ambition  
And the words left unsaid  
All the words left unsaid form a simple little melody

I am a lone wolf  
A beauty and a beast  
Both hunter and hunted  
Soft tongue and sharp teeth  
I toned from my travels yet raw from this road  
As I drink from storm puddles  
And the stories I'm told

Help me figure this out  
Help me figure you in  
You're a shadow to me  
That I echo when I sing  
Help me figure this out  
Help me figure you in
