When the moon is lit
On the eastern side
And I slowly
Am centering, centering

When the Goddess pulls
With the waning tide
And I fall and
I'm willingly entering

Night
The dark
The womb
It's hollow

It's here
I've followed
A voice
To follow

I am the maiden
I am the mother
I'm the crone

I am the sea
I am the sky
I am the blood
I am the moon

Never alone
Never alone
Never alone

When the moon is lit
On the western side
And she's slowly
Is brightening, brightening

When the earth is full
With the waxing tide
And I breath with it

Ripening, ripening

Sea
With nectar
In the water

The old
An the new
Held back
Her daughter

I am the maiden
I am the mother
I'm the crone

I am the sea
I am the sky
I am the blood
I am the moon

Never alone
Never alone
Never alone

I am the maiden
I am the mother
I'm the crone

I am the sea
I am the sky
I am the blood
I am the moon

I am the sea
I am the sky
I am the blood
I am the moon

I am the maiden
I am the mother
I am the crone

I am the sea
I am the sky
I am the blood
I am the moon

Never alone
Never alone
Never alone
