It's the catch wes p, twisting weed, wrecking beats  
So I'm probably on the streets, with a dame on my  
sleeve  
Who best believe cheddar speaks better when you let it  
free  
Maybe I'ma blow a couple racks in the city  
Betting stacks at the table, pockets going empty  
Promise that I got it, cause the dollar's never envy  
You better hurry get some ...  
West coast, spitting flows, got the ...off my chest  
Spitting venom, stinging venom, always winning  
Tend to be defending the title that I was given  
Saying fuck you cause I'm winning  
Healing everything I'm on, sipping don perignon  
Lush leather's in the lat, feeling like a fucking boss

To take the flick of these kids to getting richer  
Making all they sense from what they seeing in the  
picture  
...posted up, toasted up, blowing hella smoke  
Celebrating, paper chasing, focused like a telescope  
Cause we hella dope

Best believe cheddar speaks better when you let it free  
Baby I'ma blow a couple racks in the city x 3

You know what fucking time it is  
Time to spit ...with the rhyme again  
Climbing in and out of the benz  
Bitches behind the tint  
9 to 10 shining, dipped in diamonds  
Bet you blinded when we stepping out  
We don't see the hating, we just mess around  
Make it stop, ... I'm a Jamie fox  
Break them all, something that we run to take it to the  
top  
Who'd have thought, you be seeing me in west, beating  
chest  
Beast is what we do the best  
Leave it to 2 of the best  
I must confess, I've been feeling freezer fresh

So if you don't see success,  
Then you probably need to rest  
Get another ... crumpy kids  
By the 2012 call me mister money mitts  
Funny ain't this...when I come to cleaning  
Once I make it clear this the year you get evacuated  
I had to say ... my pockets fat as a ...of bacon  
Meet your magistrate  
I'ma make these rappers imagine I'm raining

Best believe cheddar speaks better when you let it free  
Baby I'ma blow a couple racks in the city x 3
