What a performance tonight  
Should I react or turn off the light  
Looks like you're picking a fight  
In a blurring of wrong and right  
But how your mood changes  
You're a devil, now an angel  
Suddenly subtle and solemn  
And silent as a monk

You only tell me you love me  
When You're drunk

It's better than nothing I suppose  
Some doors have openend  
Others closed  
But I couldn't see you exposes  
To the horrors behind some of those  
Somebody said listen don't you know  
What you're missing  
You should be kissing him instead of  
dissing him like a punk

But you only tell me you love me  
When You're drunk  
You only tell me you love me  
When You're drunk

All of my friends  
Keep asking me why, oh why  
Do you not say goodbye  
If you don't even try you'll be sunk

'Cause you only tell me you love me  
When you're drunk

What's the meaning  
When you speak with so much feeling  
Is it over when you're sober  
Is it junk

You only tell me you love me

When you're drunk  
You only tell me you love me  
When You're drunk
