Layin' here watch your chest go up and down,  
Wrapped around your neck.  
I like your earrings on my nightstand,  
Close your eyes girl, close your eyes girl.  
I can smell the perfume from your hair linger in the air,  
I don't touch the ground  
Oh (oh), you don't know what you do to me, you do to  
me

Pull the covers up just a little tighter,  
I get chills from your touch.  
Now I move a little closer,  
Press against me, press against me  
I can smell the perfume from your hair linger in the air,  
I don't touch the ground  
Oh (oh), you don't know what you do to me, you do to  
me

3:27 A.M., and it's raining in the window  
I don't care, 'cause I have you to kiss goodnight  
(goodnight, goodnight, goodnight night)  
Touch your skin, touch your hair on my pillow,  
And I like the way it feels to have you here  
In the morning  
A kiss goodnight

Watch the smile on your face getting brighter,  
Wonder if you dream of me  
You and I on our own little island,  
Lost in our chemistry.  
I can smell the perfume from your hair linger in the air,  
I don't touch the ground  
Oh (oh), you don't know what you do to me, you do to  
me

3:27 A.M., and it's raining in the window  
I don't care, 'cause I have you to kiss goodnight  
(goodnight, goodnight, goodnight night)  
Touch your skin, touch your hair on my pillow,  
And I like the way it feels to have you here  
In the morning

A kiss goodnight

A kiss goodnight...
