I don't know what to say  
When you walk into the room  
A fire in me burns for you  
I don't know what to do  
Every time you say his name  
I die (oh I...)

Maybe I'm too close to you  
Or maybe I'm too far away  
But the night leaves me drawn to you  
On the back of a horse that I can't tame  
And I peek through your window  
And I see heaven beyond the glass  
I'm broken, cracked...

I don't know how he holds you  
And I don't know how it feels  
To lie to you and say it's real  
I don't know if you see me  
For what I'd really do  
I'd die for you

Maybe I'm too close to you  
Or maybe I'm too far away  
But the night leaves me drawn to you  
On the back of a horse that I can't tame  
And I peek through your window  
And I see heaven beyond the glass  
I'm broken, I'm cracked, with thunder crashin'

I'm so thrown  
I'm not at home  
And my mind is not my own  
But I swear I see sunlight  
In your smile

Maybe I'm too close to you  
Or maybe I'm too far away  
But the night leaves me drawn to you  
On the back of a horse that I can't tame  
And I peek through your window

And I see heaven beyond the glass  
I'm broken, I'm cracked, with thunder crashin'

I'm so thrown  
I'm not at home  
And my mind is not my own  
But I swear I see sunlight  
In your smile
