"Beautiful One"

Tell me all those things you've told
Tell me all the stories I already know
Just so I can hear you speak
Captivate my heart every second you're with me

Call me all those names you love
I'll try to match your beauty, but I'll never be enough
So lucky that I found you
Three best years I have witnessed

My beautiful one

Tell me all your lovely thoughts
Your mind is like a river I wade in after dark
Stay wrapped up in this blanket for days
Let's watch terrible movies on all of our dates
We could be the next big thing
Or we could unnoticed it's all the same to me
As long as I have you
I'll be the happiest man on the planet
