Hey you sucker! Wanna impress the other that you
have
to hit your child? Are you such an asshole?
Are you such a weirdo? You know,
you make me wild! Hey you loser!
Come a little bit closer and fight like a man!
I am filled with anger and there is just one answer:
Be sure I'll knock you down!
In the pleasant name of Jesus you lead this fake called
life. But there will be justice for you bastard at the day
you gonna die! Tonight you gotta bleed Tonight you get
all the things you need Tonight I'll make you pay Tonight
I'm gonna blow you away Hey so called dad!
Just hit her half-dead, but my revenge will scare
you! Things
you did in your room will happen to you soon!
And you will beg and cry too!
Hey you wimp! Guys like you stink.
In jail you'll be the queen.
..You gonna drown in the tears,
you gonna feel your kids fears,
'cause the others gonna be mean!
Your body will be just a whole wound and you gonna lick
your own blood. And if you beg for forgiveness another
hit you got! Tonight you gotta bleed Tonight you get
all the things you need Tonight I'll make you pay Tonight
I'm gonna blow you away
