Hurry, hurry hey I'm ready
Come on let's go
Let's go far away from here

Come on, come on let's find
Another side of the world
Where everything's a souvenir

Should my mind escape me now
Don't put up a sign
Let it be, oh let it be

Heed those words of wisdom
And you'll probably find
It's in a better place than me

Should my mind escape me (in a place)
Go on let it be (far away)
Should my mind escape me
It was wanting to be free

Should my mind escape me

Heed those words of wisdom

And you'll probably find
It's in a better place than me

Should my mind escape me (In a place)
Go on let it be (Far away)
Should my mind escape me
It was wanting to be free

Should my mind escape me (In a place)
Go on let it be (Far away)
Should my mind escape me
It was wanting to be free

Should my mind escape me (It's all foreign)
Won't you come along with me (It's all for an exchange)
Should our minds escape us
How easily we could be free
