Keep on kissin'

Fighting's too much of a bore
Why don't we all make love not war

Keep on kissin'

Drop the gun and have some fun
There's enough for everyone

Keep on kissin

For goodness sake we should be
K I S S I N G

Keep on kissin'

What's it about, what's it for
Let's you make, I make love not war
Keep on kissin'

We're all in this same damn tree
Start K I S S I N G

Keep on kissin'

Can't you see there's so much more
Why don't we all make love not war

Keep on kissin'

For goodness sake we should be
K I S S I N G

Listen to what I have to say
It all goes too fast anyway
