"Enough Said"

You don't know what you don't know
I see you brain ... in your hands
You don't know you think so slow
No time to change your plans
You don't know where I'm from
To find me please don't try
You won't know me for to long
Farewell, so long, goodbye
Farewell, so long, goodbye, enough said
Get out of my head
Farewell, so long, goodbye, enough said
Get out of my head
Find yourself without my help just do it on your own
22 or 23, your qualified as grown
Life is life so understand life's what causes death
Leave me now I'll say no more you've left me with no
breath
You don't know what you don't know.
