INTRO

What weâ€™re gonna do right here is bring it back
Way back, back into time
Letâ€™s go

VERSE 1

First things first, let me say that youâ€™re beautiful
Nothing I know can compare to you
With the way you move, you got me in a groove
With the way you look, I canâ€™t help but stare

You got me like an hour glass
Everytime the hours pass
Iâ€™m looking for you, Iâ€™m looking for you
Now, what I gotta do to be close to you
Iâ€™ll be the key to your ignition
Gonna revve up here quick

PRE-CHORUS

Please, baby tell me, whatâ€™s it gonna be?
Iâ€™m sitting here waiting on you
Let me open the door
And show you what I got in store

CHORUS

Donâ€™t you know youâ€™re teasing me
Itâ€™s killing me
Love the way you look to me
Iâ€™m feening, see?
I said I need you right by my side
Hop in for the night
Iâ€™m gonna take you on a ride
Iâ€™m gonna take you, Iâ€™m gonna take you, Iâ€™m gonna
take you
Iâ€™m gonna take you on a ride, a ride, a ride, a ride
Iâ€™m gonna take you, Iâ€™m gonna take you, Iâ€™m gonna
take you
Iâ€™m gonna take you on a ride, a ride, a ride, a ride

VERSE 2

I know what you like

I got it right here
Here's the plot to make your engine hot
Gonna break the rules so we will never stop
I ain't gonna slow 'til you say that's all
And even then I'm still gonna go

I'm coming for you, relax your mind
I'm gonna take my time
Hold on tight, I feel your body closer
Tonight's our night, I'll take it from here

PRE-CHORUS

CHORUS

RAMS FAX RAP

PRE-CHORUS

CHORUS

OUTRO

See I'mma take you take you!
Tonight, oh yeah!
I'mma take you there
I'mma take you there
Let me take you there
