i met her at a party she was all twisted up  
making a a scene it was raw and uncut  
(cut, cut)  
She took me home tried me on for size  
Now shes hypnotized with her eye on the prize  
she says that she never wants to let me go,  
she wants a white picket fence with a dog and a bone  
I reply to her text LMFAO!

Why don't you tie me, tie me, tie me, tie me up  
(Tie me up!)  
Tie me up don't tie me down  
I like it rough I like it loud,  
You know how I get around  
round - round - round

I'll take the game but not the bow,  
I'm not the one to stick around.  
Tie me up dot tie me down  
Down, down, down

Like a Louisville slugger I know how to hit it.  
Two home runs and now she's addicted.  
She's crazy like Gaga when she whips out the chains  
She comes in the room with her po-po-poker face.  
She says that she never wants to let me go,  
she's looking through my e-mails and she's checkin'  
my phone.  
(My phone)  
She wants to turn my house into a home

Why don't you tie me, tie me, tie me, tie me up  
(tie me up!)  
Tie me up don't tie me down  
like it rough, I like it loud  
You know how I get around - round - round - round.

I'll take the game but not the bow  
I'm not one to stick around  
Tie me up don't tie me down  
down, down, down, down, down

Just tie me up, Just tie me up  
Don't tie me down, don't tie me down  
down, down, down.

Oh! Do I need somebody?  
No!  
Do I want nobody?  
Oh!  
I just need your body on my body,  
My body.  
Oh! Do I need somebody?  
No!  
I don't want nobody!  
So!  
Why don't you tie me, tie me, tie me, tie me up.

Tie me up don't tie me down  
I like it rough I like it loud.  
You know how I get around - round - round - round.  
I'll take the game but not the bow,  
I'm not one to stick around  
Don't tie me up, don't tie me down.  
down, down, down.

Just tie me up!  
Don't tie me down!  
I like it rough, I like it loud!  
Down, down, down, down.  
I'll take the game but not the bow.  
You know how, I get around - round  
Down, down, down, down, down, down, down, down,  
down, down, down.
