Well thank you
Sometimes I'm sitting here
And I can't help thinking back
To the days when I was a little kid
And everything was white and black
I never thought that all me friends
Would be on heroin
All having kids of their own
And starting the cycle all over again
And really when you think about
It's just another year
And we still don't have a clue
Just what it is
What it is we're doin now

Diligent, You know it's 1999, Diligent

We haven't done that good at jobs
With the last 2000 years
Greed and corruption seem to be
The only consume
I hope we find a way to improve
the next millenium
And when I have kids of my own
You always start,
I will start my teaching now

?

Be a man
Don't be a

You know it's 1999, Diligent
You know it's 1999, Diligent

I never thought that all my friends
Would be on fucking heroin
All having kids of their own
To start the cycle all over again

You know it's 1999
You know it's 1999
