"The Old You"

You seem to like the taste of pain
You're coming back for seconds
Like you've got no shame, yeah
Won't you just admit it
You know you are addicted
And you love the pain, yeah
Won't you admit it

It's getting in the want the truth

Well I'll give it to you
Right now
Get back, get back

Won't you just give it up
Get back, get back
Or give it up now
Get back, get back
Won't you just give it up
Yeah, yeah yeah

So please
