Look at that hippo go!

Right now, right now.  
There's a hippo in the city  
Hippo in the city, a hippo in the city.  
Right now, right now  
there's a hippo in the city  
Look at that hippo go!

Right now, right now  
there's a hippo at the sea board  
hippo in the taxi  
a hippo going shopping.  
Right now, right now  
there's a hippo in the park.  
Look at that hippo go!

Right now, right now  
there's a hippo in the city  
Hippo in the city, a hippo in the city.  
Right now, right now  
there's a hippo in the city  
Look at that hippo go!

Right now, right now  
there's a hippo in the river  
a hippo in the river, a hippo in the river  
Right now, right now  
there's a hippo in the river,  
look at that hippo rot...
