

Whitest Kids U Know, The "We Gon Make Love"

Visit "[We Gon Make Love](#)" on MotoLyrics.com

This one's for the ladies
Girl I saw from across the room
At the neighborhood party
You make a brother swoon
When I look at your body
I wanted to impress you with conversation
But it was too hard to think
Now babe I hope you don't mind
What I slipped in your drink

Baby
We gon make love until you wake up
We gon make love until you wake up
We gon make love until you wake up
Girl I want you so bad I can't get enough

I said
We gon make love until you wake up
We gon make love until you wake up
We gon make love until you wake up
Girl I want you so bad I can't get enough

NNN
Girl
I saw you last night at the cash machine
I wanted to make my deposit
If you know what I mean
I didn't really mean to hit you
With the butt of that gun
And even though you's passed out
We can still have fun

We gon make love until you wake up
We gon make love until you wake up
We gon make love until you wake up
Girl I want you so bad I can't get enough

I said
We gon make love until you wake up
We gon make love until you wake up
We gon make love until you wake up

Girl I want you so bad I can't get enough

You know

This alleyway always tends to

Remind me of Paris

In the spring

And now I know you're not going to remember any of
this

But

It's something I'll keep with me forever

Here comes the chorus

Just bob your head with me

Ill bob you head

Here we go

We gon make love until you wake up

We gon make love until you wake up

We gon make love until you wake up

Girl I want you so bad I can't get enough

We gon make love until you wake up

We gon make love until you wake up

We gon make love until you wake up

Girl I want you so bad I can't get enough

We gon make love until you wake up

We gon make love until you wake up

We gon make love until you wake up

Girl I want you so bad I can't get enough

We gon make love until you wake up

We gon make love until you wake up

We gon make love until you wake up

Girl I want you so bad I can't get enough
