Verse 1:

I must be nuts to be sitting here
Working on this song at one o'clock in the morning
When I have to get up at six
When I have to put on a tie at seven
When I have to walk in that door at eight
With a smile on my face
Like a fool in a play

Verse 2:

But I've had such a normal day

I had to wake up at least once before bed
Before bed
Made a sale ate lunch made a sale
Made a ham sandwich for dinner
Ate it ate a bowl of ice cream
Between sitcom
Reruns and game shows

Coda:

I had to wake up at least once before bed
I had to wake up at least once before bed
Before bed
