Verse 1:

To say I love you  
Is equivalent  
To saying I breathe air  
Such sustenance as I derive from oxygen devolves  
So liberally so reflexively upon me

Verse 2:

Were I deprived  
Of atmosphere  
The words "I breathe" would not avail  
To fill my lungs with what they need nor would  
the words  
"I am a fish" convert my lungs to gills

Chorus:

Air all around  
But I would drown  
Without you there  
Because I breathe you  
Because I breathe you  
[Repeat]

Verse 3:

To say I love you  
Is equivalent  
To saying I breathe air  
Ethereal by nature not by choice I'm bound to  
love you  
Notwithstanding my voice

[Repeat Chorus]
