Verse 1:

Well it's hard to define the word love  
And it's hard to explain when you're in it  
But I've got a feeling higher than the heavens  
above  
And I swear babe it's growing every minute

Verse 2:

I've been longing for your precious love day and  
night  
With a longing that's different and new  
And it's getting so strong that it's blinding my  
sight  
Because all I can see now is you

Verse 3:

Abounding in beauty within and without  
You're a goddess of goodness and grace  
And if I was a baby I'd cry and I'd pout  
Till I rested my eyes on your face

Bridge:

Now there ain't no way to say  
Everything that I'm feeling  
But I just thought I'd give you a clue

About one little fact  
That I find hard concealing  
I'm in love so in love with you

Verse 4:

I'm unworthy of you but I want you for me  
Indeed I could not want another  
So many things about you that I never thought I'd  
see  
Things I've never seen in any other lover

Verse 5:

And you're more than just a lover you're a  
truehearted friend  
What more could a man ever need

With you in my heart my love won't ever end  
But will grow like a flowering seed

[Repeat Bridge]

Verse 6:

Well it's hard to define the word love  
But it's easy to know when it's true  
So I'll say it again and again I'm in love  
I'm in love so in love with you
