Verse 1:

Love is in the smoke  
Of this motel room  
Never in the air  
Lipstick lace and coke  
Toys and leather too  
Never underwear

Bridge:

She makes a point of smoking cigarettes  
Before and after every breathless trick  
She tells herself she can't give it away  
Never met a prince or had a wedding day  
She makes a point of smoking cigarettes  
Before and after every breathless trick  
She tells herself she can't give it away  
Never met a prince don't want a wedding day  
Ain't no way no way no way  
Ain't no way no way no way

Verse 2:

Love's not just a word  
Love is more than that  
Money in the bank  
Time flies so slowly  
When you're having fun with every  
Guy with bucks

[Repeat Bridge]

Verse 3:

Time flies so slowly  
When you're having fun with every  
Guy with bucks

[Repeat Bridge]

Coda:

No way no way no way no way
