Verse 1:

Baby I believe I'm almost busted
They're calling for my money night and day
Well they can take my car
And kick me out the door
But nobody's ever taking you away
I said nobody's ever taking you away

Verse 2:

Every since I met you I quit working
'Cause we've been makin' love night and day
So if the banks foreclose
I'll let 'em have my clothes
But nobody's ever taking you away
I said nobody's ever taking you away

Bridge:

[Instrumental]

Well they can take my car

And kick me out the door
And if the banks foreclose
I'll let 'em have my clothes
But nobody's ever taking you away
I said nobody's ever taking you away

Verse 3:

Baby I believe I'm almost busted
They're calling for my money night and day
Well they can take my car
And kick me out the door
And if the banks foreclose
I'll let 'em have my clothes
But nobody's ever taking you away
I said nobody's ever taking you away

Coda:

Nobody's ever taking you away
I said nobody's ever taking you away
