Lack of water
Got to free yourself
Lack of water
Got to free yourself

Maybe I'm to blame
But it's not too far to see
Got to close the curtains
Before I get free, yeah

Shelter is a place
That I would like to behold
Better get to getting
Before I get old

Lack of water
(Lack of water)
Got to free yourself
(Lack of water)
Lack of water
(Lack of water)
Got to free yourself

All I need is the water
All I need is the water
All I need is the water
All I need is the water

Times are changing
Worlds are breaking turning me around
Never run for shelter
'Cause I can't hear the sound

I try so hard to leave it
But it takes me away
Pushing back the power
Now it's so sad to say

Lack of water
(Lack of water)
Got to free yourself

(Lack of water)
Lack of water
(Lack of water)
Got to free yourself, yeah

Maybe I'm to blame
But it's not too far to see
Got to close the curtains
Before I get free

Yeah, shelter is a place
That I would like to behold
Better get to getting
Before I get old

Lack of water
(Lack of water)
Got to free yourself
(Lack of water)
Lack of water
(Lack of water)
Got to free yourself, yeah

All I need is the water
All I need is the water
All I need is the water
Yeah come on fill me up
All I need is the water

Lack of water
Got to free yourself
Lack of water
Got to free yourself

Lack of water
Got to free yourself
Lack of water
Got to free yourself, yeah

Lack of water
Lack of water
Lack of water
